ELECTRICAL WORKERS' BALL.

The first party of a series to be given by the Electrical Workers of America, was that of Friday evening at the N. G. U. Armory, and it proved to be the largest social event of the week. An interesting and beautiful display which formed the decorations. This unique display readily eclipsed anything of the kind ever seen in the city in the decorative art.

The hall hung an elaborate chandelier containing three globes above which was an artistically designed motto bearing the inscription, "A Happy New Year." From this center festoons of hundreds of 16 candle power lights reached out in a hexagon, touching large electrical stars on either side of the hall. From these brilliant lights stars continued and varied in light, were thrown upon the merry makers as they glided over the floor. At the rear end of the hall was a large motto, "Welcome," made of countless incandescent lights.

Following the close of the piece, Mr. and Mrs. Moore accompanied the party to the home of George B. entitled "The Spiritual Significance of Walt Whitman," Mr. Brown said: "The key to an understanding of Whitman is the knowledge that his motive was solely a religious one. This is set forth by Whitman himself in his preface to 'Leaves of Grass.' And unless we read him with a belief in his religious purpose we read him to no good purpose whatever."

Nothing ever given before an Ogden audience has given rise to so much discussion as the above mentioned lecture of Whitman lectures will be to miss a fresh impetus toward a higher religion, saner living, and purer democracy.

Washington, Jan. 9.—During her greatest scene in the third act of "Kismet" at the new National theater in this city, last night, Mrs. Leslie Carter had a narrow escape from serious injury through the falling of a heavy stage mantle piece which missed her head by a bare six inches. The actress, who was alone on the stage at the time, had just placed a candle on the mantle and had turned away from it when the massive scenery, weighing 250 pounds, fell toward her, striking a table and smashing a number of "props."

The accident caused some commotion among the audience, but Mrs. Carter proceeded with her scene undisturbed.

IS KILLED IN AUTO RIDE

Thrown Headlong From Machine—Two Others Seriously Hurt

New York, Jan. 9.—Thrown from an automobile headlong against a fence, Edward Colt Gilman, a well-known real estate broker, of Flushing, N. Y., was instantly killed in a ride which a party of young men and women of Flushing were taking through the Long Island villages early today. Miss Juliette McKim, of Flushing, was rendered unconscious and severely hurt. The chauffeur, Frank Brennan, sustained fractures of the skull and left arm and is in a precarious condition. Miss McKim and two other young women, Lucy Bogert and Dorothy Whitte, attended an amateur play given at the Flushing town hall last night, in which Miss McKim had a part. After the play the party were taken for an automobile ride by Merwin Lee. Near Great Neck, one of the wheels of the automobile came off as the car was coasting down a steep hill at a fast clip. The car dashed into a fence at the roadside and turned over.

Rockefeller and Other Officials of Oil Company May Not Be Called as Witnesses.

Anderson of Indianapolis has consented to hear the re-trial of the Standard Oil case, District Attorney Sims has begun active preparations in the case, which is expected to commence within a week. PIG'S BLOOD MAY BE A CURE FOR TUBERCULOSIS

DR. RICARDO SAYS IT IS OF HIGHEST VALUE.

By Experiments He Has Carried On He Concludes That Disease First Manifests Itself in the Blood.

Chicago, Jan. 9.—Pig's blood medicinally prepared, is of the highest value in the cure of incipient tuberculosis, according to an announcement here by Dr. Daniel E. Ricardo. By experiments carried on independently, Dr. Ricardo says he arrived at the same conclusion as Dr. R. C. Roschberger of Philadelphia, that tuberculosis first manifests itself in the blood of the patient. "I have found pig's blood to be of the highest value in tuberculosis cases," declared the physician. "The reason for that is that pig's blood contains more hemoglobin than cow blood. Swine are fed better than cattle and there is a heavy strain on the cows from being milked. Cattle also are subject to tuberculosis while I have never heard of a case of that disease among swine."

PERUNA EDITORIAL NO. 1.

Dr. Hartman is now offering Peruna to the public as a regular pharmaceutical product. It is just as ethical as any compound put up for the medical profession. No straining of medical ethics can find any fault with it. THE PRINCIPAL ACTIVE INGREDIENTS are prominently incorporated in the label on the bottle, that the people may know that the claims made for Peruna have a true justification.

The only departure we shall make from medical ethics in the conduct of Peruna affairs in the future, is the fact that we shall continue to advertise and sell our product TO THE PEOPLE.

If we would agree to sell to doctors only, to advertise for doctors only, then the medical fraternity would be obliged to recognize Peruna as being entirely within their approval.

BUT WE SHALL NOT DO THIS.

We shall continue to offer Peruna to the people. We shall continue to convey to the people our claims for Peruna as a household remedy. We shall continue to supply the people with free literature, teaching them how to use our medicine, teaching them how to avoid disease, teaching them many things of benefit to the home. We shall continue to do this, whether the medical profession like it or not.

We are proposing from this time on to take the public into our confidence. Notwithstanding that some imitators and substitutes will be attempting to put up something which they consider just as good as Peruna, we are going to draw aside the veil of secrecy and allow any one who chooses to know exactly OF WHAT PERUNA IS COMPOSED.

This ought to disarm all honest criticism. We expect, however, that criticism will continue. On some pretext or other those who are envious of the success of Peruna will continue to find fault. But we are determined to give such people no just complaint. PERUNA IS A GREAT MEDICINE. It has become a household word in millions of homes. Our faith in the remedy is stronger than ever. Every year we expect to cover new fields in foreign lands until the people of all the world are supplied with this valuable household remedy.

WE CLAIM PERUNA TO BE A CATARRH REMEDY. Buy a bottle and try it. If it helps you, be honest and acknowledge that it has helped you. If you want us to we will publish your statement exactly as you furnish it to us. We will add no words, take away no words. If you wish us to we will publish your portrait in connection with it. We will not do this without your written request, without your entire consent.

Peruna has benefited thousands of people afflicted with chronic catarrh, in many phases and locations. At least, that is what the people say to us, through unsolicited testimonials. Many thousands more will reap benefit from Peruna in spite of fabricated slanders to the contrary. WE GUARANTEE EVERY BOTTLE OF PERUNA TO CONTAIN THE INGREDIENTS PRINTED ON THE LABEL.

We have taken great pains that every testimonial we use should be absolutely true, in the exact language of the testifier.

We have taken great pains that every photograph published should be the photograph of the person whose name it bears, that every word of every testimonial should be authorized by the hand that signed it.

We are determined to beat our opponents by being fairer than they are, by dealing square than they dare to. We are determined to meet falsehood with truth, duplicity with candor, insincerity with sincerity.

We know that the users of Peruna will appreciate our stand. We believe that the dealers in Peruna will applaud our course. We expect even our opponents will be obliged to acknowledge finally that Peruna is not only an honest and useful remedy, but one of the GREATEST HOUSEHOLD MEDICINES ON THE CONTINENT.

HAS THAW TAXES TO BECOME BE MADE SANE? LESS

Justice Tompkins Says He Is Entitled to a Trial on This Question

Justice Tompkins says he is entitled to a trial on the question of whether he has recovered his sanity, according to Justice Tompkins, who today heard arguments on a writ of habeas corpus obtained by Mrs. Mary C. Thaw, widow of the man who killed the president of the United States. In applying for the writ, Mrs. Thaw declared that Harry K. Thaw was not a criminal, having been acquitted by a jury and that he is now sane and should not be in prison. Thaw was brought down to be present at the hearing. He was represented by Charles Morschauer, District Attorney Jerome of New York county, was present and Asa Bird Gardner represented the attorney general and the superintendent of the asylum. Mrs. Thaw, and Harry's brother, Josiah Thaw, accompanied the prisoner.

Mr. Jerome asked that the proceedings be transferred to New York county where, he said, the sanity of Thaw should be determined finally. The district attorney declared that modern scientific opinion held that Thaw was an incurable paranoiac. He said that Thaw was a dangerous person and should not be allowed at large. Mr. Gardner also asked that the case be transferred to New York county. Mr. Morschauer opposed it.

Justice Tompkins said that Thaw was entitled to a trial to determine whether he had recovered his sanity and was safe to be at large, but reserved decision as to where the trial should be held. He remarked that Thaw was an incurable paranoiac. Morschauer's objection on the ground that Thaw's counsel was not well treated at the asylum, court ordered that Mr. Morschauer should be able to see Thaw alone at any time.
